Best Practice – II

Title of the Practice: Soft Skill Development for 360° development of Students.

Objective of the Practice:

- To give each student a realistic perspective of work and work expectations.
- To develop communication skills and presentation skills.
- To inculcate the work culture, team spirit, sense of commitment and responsibility.
- To help formulate problem solving skills.
- To guide students in making appropriate and responsible decisions.
- To provide opportunity to move to higher education in future.
- To integrate relevant skills into the higher education system.

Context:

Skills and knowledge are the driving forces of economic growth and social development of a country. In rapidly growing economies like India with a vast and ever-increasing population, there is a severe shortage of highly-trained, quality skilled resources, while on the other; large sections of the population possess little or no job skills. Education should always be purposeful, growth oriented and productive. Along with academic qualifications the educational institutes are required to produce dynamic and enterprising youngsters capable of facing the changing times and taking on the toughest technical challenges.

The Practice:

Soft skills development program is an activity for 360° development of the students, creating necessary skills for enhancing employability as well as entrepreneurial abilities of students. The activity covers lectures, work-shops and demonstrations by experts. Therefore, the experts from various fields are invited to share their experiences, ideas and skill development techniques. This motivates students for their overall development. To provide education and skill based training of consistently high standards in the realm of higher education through innovative and versatile programs that will offer the most viable solution to the current and emerging needs of the students seeking opportunities for professional development in the crucial sectors of employment and entrepreneurship.

This activity is designed to help develop a person's communication skills, presentation skills, self-esteem, interview skills and many other life skills. It also helps to develop.

The following contexts are designed.

Life Skills:

- Health and Physical Fitness
- Communication Skills: Listening and Speaking Interview Skills.
- Creating Effective Resume.
- Ethics and Honesty Innovation and Creativity Emotional Intelligence.
- Leadership and Teamwork Problem Solving Skills
- Self-Awareness and SWOT Analysis

Digital Literacy:

- Basic Computer Skills.
- Introduction to Internet and Digital resources for education.
- Online platforms for learning and course available.
- Information / Cyber Security

Evidence of Success:

The Soft Skills Development programs have contributed significantly in developing the overall personality of the students. The student who underwent training in Soft skills has benefitted a lot from these training programmes. They got confidence to express themselves confidently. These students have shown leadership qualities by participating and conducting co-curricular and extension activities on the campus and outside the campus as well. These students also help the faculty in conducting workshops, seminars and other capacity building activities in the college. Several students participate in Various Innovative academic, cultural and sports activities as a result of the activities under soft skill development programme.

Problems Encountered:

- The lack of exposure to students as they are the first learners in their families.
- The rural students face the language problem as they speak local varieties of language at their home.
- The lack of confidence level in the students.
- Limited financial and infrastructure resources to conduct these activities.
